

CONSENT FOR TREATMENT

IMPORTANT INFORMATION AND CLIENT CONSENT: Please read and sign at the end stating you have fully read and understand the information below.

CLIENT/THERAPIST RELATIONSHIP: You and your Therapist have a professional relationship existing exclusively for therapeutic treatment. This relationship functions most effectively when it remains strictly professional and involves only the therapeutic aspect. Your Therapist can best serve your needs by focusing solely on therapy and avoiding any type of social or business relationship. Gifts are not appropriate.

AVAILABLE SERVICES: I offer a wide array of counseling, including individual and group therapy. Effective psychotherapy is founded on mutual understanding and good rapport between client and therapist. It is my intent to convey the policies and procedures used in this practice, and I will be pleased to discuss any questions or concerns you may have.

RISKS AND BENEFITS: Counseling and psychotherapy services are beneficial, but as with any treatment, there are inherent risks. During counseling, you will have discussions about personal issues which may bring to the surface uncomfortable emotions such as anger, guilt, and sadness. The benefits of counseling can far outweigh any discomfort encountered during the process. Some of the possible benefits are improved personal relationships, reduced feelings of emotional distress, increased attention/focus and specific problem solving. I cannot guarantee these benefits, of course. It is my desire, however, to work with you to attain your personal goals for counseling/psychotherapy.

COUNSELING SERVICES: I provide both short-term and long-term counseling designed to address many of the issues my clients are dealing with. Your first visit will be an assessment session in which you and your Therapist will determine your concerns, and if both agree that we can meet your therapeutic needs and develop a plan of treatment. Should you choose not to follow the plan of treatment provided to you by your Therapist, services to you may be terminated. The goal of this therapy is to provide the most effective therapeutic experience available to you. If at any time you feel that you and your current Therapist are not a good fit, please discuss this matter with your Therapist to determine if transferring to a more suitable Therapist is right for you. If you and your Therapist decide that other services would be more appropriate, we will assist you in finding a provider to meet your needs. Wellness is more than the absence of disease; it is a state of optimal well-being. It goes beyond the curing of illness to achieving health. Through the ongoing integration of our physical, emotional, mental, and spiritual self, each person has the opportunity to create and preserve a whole and happy life. My services are designed to provide clients an integrated solution for their mind, body, spirit, and life to enhance their lives and resolve issues.

PAYMENT/INSURANCE FILING: Payment of fees is expected at the time of each appointment. We request that payment be made before your session begins. If you are using insurance benefits to receive reimbursement, I will provide you with receipt so you can file insurance claims.

EMERGENCIES: You may encounter a personal emergency which will require prompt attention. In this event, please contact our office regarding the nature and urgency of the circumstances. If you are experiencing a life-threatening emergency, call 911 or have someone take you to the nearest emergency room for help.
